Presentation 5:45 to 7:00 pm

Halfmoon Bay Elementary School Library

All Adults Welcome

- Jesse Miller is a national speaker who has been presenting and consulting to schools and companies across B.C. since 2007.
- Using behavior changing techniques Jesse has the ability to motivate his audience to evaluate their online profiles and assess privacy and connectivity issues.
- Jesse will change the way youth approach their use of Facebook and other means of social networking.
- Jesse is a trusted resource to numerous school districts in B.C. who use his expertise to address issues that occur in school hallways and through social media requiring online evaluation and investigation.
- They will learn a new respect for personal privacy, online content, and a full awareness of the positives and negatives to social networking.
- You can check out his website at www.mediatedreality.com
